PROFESSIONAL SUMMARY

Strategic **Staff Backend Architect and TPM** with 10+ years of experience delivering high-concurrency platforms for Tier-1 clients (**Axis Bank, Hero MotoCorp, BCCI**). Expert in transforming monolithic systems into scalable microservices and leading cross-functional teams of 15+. Proven track record in Fintech and Sports-tech, bridging the gap between complex system design and strategic program delivery.

CORE SKILLS

- **Architecture:** Microservices, Distributed Systems, API Gateway, Event-Driven Design, System Design.
- **Backend:** PHP (Laravel, Yii/Yii2), Node.js (Express, NestJS), Python.
- **Frontend:** React.js, Next.js, JavaScript (ES6+), Tailwind CSS.
- **Cloud & DevOps:** AWS, Microsoft Azure, CI/CD Pipelines, Docker, Query Optimization.
- **Leadership:** Technical Program Management (TPM), Agile/Scrum, Architecture Reviews, Client Stakeholder Management, Team Mentorship (15+ Engineers).

PROFESSIONAL EXPERIENCE

Cobox Technologies Pvt Ltd | Staff Backend Architect & TPM | Nov 2025 – Present *Leading architecture strategy and engineering delivery for global SaaS and Enterprise platforms.*

- **Engineering Leadership:** Managing a 15+ member cross-functional team (Backend, Frontend, QA, Mobile) to drive technical roadmaps and high-velocity sprint execution.
- **Hero MotoCorp Platform:** Architected backend services for a nationwide dealer ecosystem on **Azure**, improving API throughput and data synchronization for automotive enterprise solutions.
- **Jyotirling.com:** Spearheading the technical launch of a global devotional platform, utilizing **Node.js and React** to serve high-traffic spiritual services worldwide.
- **Strategic Consulting:** Partnering with US and India-based clients to translate business requirements into scalable technical architectures, specifically for **ClaimAssist (Fintech)**.
- **Governance:** Established code review standards and CI/CD best practices, reducing production deployment errors by 30%.

Neosoft Technologies | Senior Software Engineer / Module Lead | Jul 2022 – Nov 2024 Worked on Axis Bank – Saksham 360, a nationwide banking workflow system.

- **Scale & Performance:** Designed and deployed 4 mission-critical microservices supporting **50,000+ daily active users**, ensuring 99.9% uptime for core banking workflows.
- **Module Ownership:** Led a dedicated team of 5 developers to build high-security modules: **KYC Lifecycle, Deceased Account Management, and Account Reactivation.**
- **Compliance:** Implemented BFSI-grade security protocols and encryption standards aligned with Indian banking regulations.
- **Tech Stack:** PHP (Yii), MySQL, Python, RESTful Microservices.

Provab Technosoft | Software Engineer | Aug 2018 – Jul 2022 Backend systems for IPL and BCCI digital platforms.

- **Sports-Tech Innovation:** Built the **IPL Auction Management System** from scratch using **Laravel**, handling real-time data spikes during global broadcasting events.
- **Data Architecture:** Developed backend modules for player statistics, live scores, and media content management, serving millions of global cricket fans.
- **System Optimization:** Refactored legacy query structures in MySQL, reducing database load by 40% during peak match hours.

PS Research & Consultations | Software Engineer | Nov 2015 – Aug 2018

- **E-commerce Delivery:** Promoted from Intern to Engineer within 6 months after delivering a full-stack e-commerce platform (Core PHP) from concept to launch in 180 days.
- **Full Stack Dev:** Built product catalogs, filtering engines, and secure payment processing systems.

KEY PROJECTS & IMPACT

- **Axis Bank Saksham 360:** Revolutionized internal bank employee workflows for nationwide operations.
- **Hero MotoCorp Digital:** Digitized the automotive dealer ecosystem for one of the world's largest manufacturers.
- **IPL & BCCI Platforms:** Scaled digital infrastructure to handle massive global viewership spikes.
- **Jyotirling.com:** Developing the world's premier technology-driven devotional services engine.

EDUCATION & ENGAGEMENT

- **Bachelor of Engineering (Computer Science):** RGPV University, Bhopal | 2016
- **Industry Engagement:** Frequent speaker at startup ecosystem events and technical blogger focusing on **Backend Scalability and System Design.**
